Ten Year Staffing Trend:

Ten Year Staffing Trend Highlights:

- The Internal Audit Department was established as a separate department independent of the County Auditor-Controller by Board Resolution dated April 25, 1995. Arthur Andersen L.L.P. was contracted at that time by the County to manage the Internal Audit function until a permanent director could be recruited. In 1997, a director was appointed and eight additional positions were added; in 1999 one Staff Analyst position was added; in 2000, two positions were eliminated in the Information Systems Auditing function and outsourced to consultants; additionally, two Auditor II positions were exchanged for one Senior Auditor I. In 2001, two auditor positions were added for integrated audits of specifically focused issues in the Countywide Accounting and Personnel System (CAPS).
- In 2007-08, the Auditor-Controller will no longer contract with the Internal Audit Department to perform the Treasury Funds Audit and the biennial Probation Review resulting in a cost applied loss of \$138,250. As a result, 2 positions were recommended for deletion and transfer to the Auditor-Controller.

Highlights of Key Trends:

- Retirements of key county management open up new positions. The experience and skills of the retiring staff cannot be immediately replaced, and as a result we are expecting more internal control weaknesses and breaches.

- Moreover, the upcoming CAPS replacement implementation will further stress management resulting in possible internal control issues.
- We are soon completing our Annual Risk Assessment factoring in the above two key trends. We see that we will focus more resources on internal control reviews and system implementation assistance.
